

Ms. Mahoney's 4th Grade Class

Welcome to 4th Grade! I'm looking forward to having a wonderful year with all of you this fall. As you enjoy a well deserved summer break, I would like you to read *The Indian in the Cupboard* by Lynne Reid Banks. We will be discussing the book in class, as one of our first lessons of the year.

Have a great Summer!!!!

Math skills to practice are multiplication facts 0-12(should be memorized), division facts within 100, reviewing fractions.
