

## 7th Grade Summer Reading

We want to welcome you to 7th grade, and look forward to having you as a class this upcoming year. During your summer break, we would like you to read the book *Chains* by Laurie Halse Anderson. We will be discussing it during our first classes of the year.

Math skills to review are Fractions, Solving Algebraic Equations, Geometry (plane geometry and the coordinate planes)

Have a great summer!!!

From The Junior High Teaching Staff
